## THE JUDGES

The distinguished panels of judges recognize the art of communications in a global economy and the science of the new technologies which enable the world-wide exchange of ideas and information. Members of the judging faculty will evaluate the entries based on the standards of international excellence through the measures of creativity and craft.

## JUDGING

The **QUESTAR Awards** is unique in that each entry is judged against itself, to the degree that the individual entry achieves its intended purpose. Entries from large or small organizations have an equal chance at winning; judging is based not on budget, but on the values of creativity, craft, and skill, as symbolized by the **QUESTAR Awards**.

Each entry is evaluated three separate times during the preliminary rounds. The three sets of scores are then averaged into a single score for the individual entry. A certain minimum score must be achieved to qualify for an award. Only one Gold, Silver or Bronze will be given in each classification; however if no entry scores high enough, no award will be given.

The Gold Award Winners become candidates for a Grand Award. In addition, one Best of Show Award will be presented to the one entry that best exemplifies the spirit of the **QUESTAR Awards**.
