

THE ACADEMY AWARDS OF ANNUAL REPORTS  
**2024 CALL FOR ENTRIES**

# THE ENDURING VALUE OF THE ARC AWARDS

Annual Reports are among the most meteoric – and transient – of corporate publications. They shine brightly for the year, exciting to see the final production. Then they recede as the next year's books begin to take form. The ARC Awards give meaning to this ephemeral work.

The many talented teams of writers, photographers, designers and creatives, who put forth their best efforts to produce a beautiful annual report, will have the ARC prize to point to. It's proof that an international faculty of judges, all at the top in the industry, felt that what was done was artistic, intelligent and innovative: worthy of global recognition.

For 38 years, the ARC Awards continues to be the most prestigious award in annual reports. The feeling of winning in this highest-esteemed competition is all the more gratifying precisely because it was selected by your peers. That's the value of the ARCs.

Our mission is to raise the standards of excellence, to give recognition to the truly great and original new ideas, and to inspire even better work!

**Here's to you! Wishing your stellar annual reports world-wide acclaim in the 2024 ARC Awards!**

With admiration & respect,

**Reni L. Witt**  
President and Founder  
International ARC Awards

# JUDGING PROCEDURES

## Criteria for Judging

Entrants from agencies, companies and non-profit groups, whether large or small, have an equal chance at winning. Budgets are disregarded – ensuring balance. Awards are given for overall performance – in other words, how well the annual report tells the company's story this year.

Some of the elements to be considered in the judging of the annual reports include: cover design, chairman's letter, interior design, clarity of written text, photography, presentation of corporate information, expression of financial data, and how well the spirit of the organization is communicated.

## Judging Process

The ARC Awards are conducted as a "blind" judging. (Nominating agency names are withheld from the judges.)

Each entry is evaluated three separate times during the preliminary rounds. The three sets of scores are then averaged into a single score for the individual entry. A certain minimum score must be achieved to qualify for an award. Only one Gold, Silver, Bronze and Honors Award will be given in each classification; however, if no entry scores high enough, no award will be given.

## The Judges

Judges come from around the globe to participate on the ARC jury panels. Preliminary judging is carried out independently by panels of judges representing leaders in the fields of investor relations, writing, design and photography. Final judging is made by presidents, CEOs and other senior executives of corporations, agencies, and design firms.

## The Winners

Annual reports scoring in the top 30 percent will be awarded Honors, Bronze, Silver and Gold certificates of outstanding achievement. All Gold Award winners become candidates for the Best of Category – Grand Awards. An ARC Awards plaque will be presented to each of the Grand Awards winners. The Best of Show trophy will be presented to the one top annual report that best exemplifies the spirit of the ARC Awards.

## Important – Award Certificates

Should your entry win an award, your certificate will be personalized in the following format:

**Nominating Company**  
CLIENT COMPANY  
*"Title of Annual Report"*  
Category

If you would prefer any variation to the official format, you must let us know in writing on the entry form.

## Judges

The distinguished panel of judges recognizes the art of communications in a global economy and the science of new technologies that enable the worldwide exchange of ideas and information. Members of the judging faculty will evaluate the entries based on the standards of international excellence through the measures of creativity and craft.
